

Calendar Year 2021

Inpatient Rehabilitation Report Card | Overview

- ▲ Redefining care excellence through quality outcomes, evidence-based treatment, innovative technologies and clinical research.
- ▲ Expertly addressing the complex physical, functional and emotional challenges of individuals with stroke, spinal cord injury, brain injury, amputation, orthopedic trauma, neurological diseases, cancer and other injuries/illnesses.
- ▲ Levering the experience of a physiatrist-led team of nurses, therapists, dietitians, case managers and other clinical and support staff - many with advanced rehabilitation certifications - to optimize individual patient recovery.

Baylor Scott & White Institute for Rehabilitation is one of only six federally-designated Model Systems in the nation for the treatment and research of both traumatic brain and spinal cord injuries.
